Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Saturday 13 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy and cold this weekend, with a risk of ice.

Today:
A cloudy day with strong winds, potentially giving gales at the coasts. Some light showers arrive for a brief time for westernmost areas in the late afternoon, giving snow and a risk of freezing rain in places. Remaining cold. Maximum temperature 2 deg C (36 deg F).

Tonight:
The weather turns drier for a time before some isolated showers move in, giving a risk of ice patches forming. Remaining cold, with strong winds continuing. Minimum temperature -3 deg C (27 deg F).

Sunday:
A cloudy and wet day, with some freezing rain in the morning giving a risk of ice before turning to rain in the afternoon. Staying windy, especially at the coasts. Maximum temperature 6 deg C (43 deg F).

Outlook for Monday to Wednesday:
A foggy start Monday, as milder temperatures move in. Wetter from Tuesday and into Wednesday, with scattered showers and sunny spells. Windy throughout.
